QR ME

Paintball Players/Visitors entering SANPA approved Paintball Venues

Due to the current COVID-19 Pandemic and current Health & Safety Regulations, SANPA, in conjunction with its members developed self-regulating safety measures and protocols to keep staff and visitors at venues safe and in doing so to protect live and livelihood.

To make entry at venues as easy as possible for players and visitors, reducing paperwork, adhering to government regulations and protecting their personal information, **SANPA approved Paintball Venues** will require you to **Check-In/Out** at the venue using your own personal **QR code** for each visit at the venue.

Everyone will have to create their own personal profile on the [QRMe Website](#) to enter the venue. **Please complete this step prior to going to the venue.**

Please note that the QRMe system only share your name and surname with the venue and none of your personal information.

Please note: Parents with minor dependents can add them under their profile if they are not old enough to have their own profile to receive a unique QR code for check in and check out.

How to register and create your own personal QR Code on QRMe

From your web browser on your desktop or mobile device register as an individual by going to the [QRMe website](#).

You can create your personal profile in two ways

Options 1 – Using Telegram (This is similar to Whatsapp) (Preferred method)

If you don't have Telegram currently on your mobile device, please install the Telegram app you're your mobile device app store

[Download for Android](#) | [Download for Iphone / Ipad](#) | [Download for PC/Mac/Linux](#) | [Download for macOS](#)

Once the Telegram app is installed on your mobile device, go back to the [QRMe website](#) and register using Telegram by following the prompts.

Option 2 – Using the web browser with your mobile number / e-mail

- Enter your Name and Surname | Phone number | E-mail address
- Choose and confirm your password
- Click on Register

Once you have Registered using any of the above methods your **unique QR Code** will be available in your profile to download from the **QRMe website** or in the **QRMe bot** on **Telegram**. This **unique QR Code** will allow you to check in/out at any SANPA approved paintball venue, or other businesses using the **QRMe** system.
